About Aatrix

Aatrix offers the most comprehensive W2 & 1099 Solution available. **335,000 businesses already have the Aatrix W2 & 1099 Solution.** It allows you to print or eFile W2's and/or 1099's for Employees, Recipients, Federal, State and Local agencies.

The Aatrix W2 & 1099 Complete Solution will print and mail your W2's and/or 1099's the next business day and file your Federal and State W2's and/or 1099's for **one low price**. Employees can instantly access their W2's and/or 1099's online.

The Aatrix W2 & 1099 Solution incorporates corrections, W2C's, reprints and more. The extensive error checking **eliminates 99.9% of potential errors**, reducing your chances of a fine, penalty or additional filing work.

This new service offers all other benefits of the Aatrix W2 & 1099 Solution but can be used with any payroll and/or accounts payable software by simply importing a CSV or tab delimited spreadsheet.

Aatrix's Single-Point™ eFile Center allows you to eFile any of the supported state and federal payroll reports to one site for processing. Once you have reviewed the form, simply select "eFile" and the information is sent directly to the Aatrix Payroll eFile Center. You will receive confirmation that the file was received via email. The form is processed and sent to the appropriate agency. Going paperless has never been easier!
