- **Analytical Accounting is part of the General Ledger close process. The steps for closing Analytical Accounting are outlined in the documentation for the General Ledger module.

4

Inventory Control Year-End Closing

Summary steps

- Post all transactions for the year.
- Reconcile inventory quantities.
- Complete a physical inventory count, and then post any adjustments.
- Print additional reports.
- Make a backup.
- Close the year.
 - When the year is being closed, you will be unable to post, reconcile quantities, change valuation methods, or change decimal places for items.
- Close the fiscal periods for the Inventory series (optional).
- Make a final backup (optional)

5

Receivables Management Year-End Closing

Note: Although Receivables Management is date sensitive, the following items are updated based on the closing of Receivables Management:

- The SmartList objects
- The Receivables Management summary reports
- The Amounts Since Last Close view in the Customer Summary window

We recommend following these steps so that the SmartList objects, the Receivables Management summary reports, and the Amounts Since Last Close view contain the correct information:

- Post all the sales and receivables transactions for the year.
- Make a pre-year-end closing backup.
- Close the year.
- Close the fiscal periods. (This step is optional.)
- Close the tax year.
- Make a post-year-end closing backup.

6

Payables Management Fiscal - Year-End Closing

Note Use this checklist if you are closing your fiscal year and your calendar year at the same time.

- Post all transactions for the year.
- Print the Aged Trial Balance with Options report.
- Print the Vendor Period Analysis Report.
- Install the Payroll year-end update (optional)
- Make a backup that is named "Pre-1099 Edits."
- Verify the 1099 information and edit it if it is required.
- Print the 1099 statements.
- Make a backup that is named "Pre Year-End."
- Close the year.
- Close the fiscal periods.
- Close the tax year.
- Make a backup that is named "Post Year-End."

7

Payables Management Calendar - Year-End Closing

*Note: Although the Payables Management module is date-sensitive, the SmartList objects, the Payables Management summary reports, and the **Amounts Since Last Close** view of the Vendor Yearly Summary window are updated based on the closing of the Payables Management module. It is recommended that you follow these steps so that the SmartList objects, the Payables Management summary reports, and the **Amounts Since Last Close** view of the Vendor Yearly Summary window are correct.*

- Post all transactions for the calendar year.
- Print the Aged Trial Balance with Options report.
- Make a backup that is named "Pre-1099 Edits."
- Verify the 1099 information and edit it if it is required.
- Print the 1099 statements.
- Make a backup that is named "Pre Year-End."
- Close the calendar year.
- Close the fiscal periods.
- Close the tax year.
- Make a backup that is named "Post Year-End."

Payables Management 1099 Changes for 2023

- The 1096 form changed. No changes to the 1099
- You can now print the 1099s with "lines". Preprinted forms are not needed. Requires GP 18.6
- If more than ten 1099s you must e-file
- Details: [Microsoft Dynamics GP: 1099 Changes to expect -Get ready for Year-end 2023!!](#)
- IRS IRIS portal: [E-file Forms 1099 with IRIS | Internal Revenue Service \(irs.gov\)](#)

9

Year-End Closing Fixed Assets Management

- Perform all the year-end closing procedures for Payables Management in Microsoft Dynamics GP
 - Close Payables Management first.
- Enter all the fixed asset transactions for the current fiscal year
 - Post all the additions, the changes, the transfers, and the retirements for the current fiscal year.
 - Note - Transfers and undo retirement transactions should never be performed in a historical year.
 - Depreciate all assets through the last day of the current fiscal year
- Perform the GL Posting (GL Interface) process (This step is optional.)
- Run any year-end reports that you want to keep as part of the year-end financial records
- Guarantee that the Fixed Assets calendar is built correctly (This step is optional.)
- Verify that the quarters are set up correctly for all the fiscal years
- Create a backup
- Perform the fixed assets year-end closing routine
