TERMS AND CONDITIONS

I certify that I am an accountant providing professional accounting or bookkeeping services for multiple fee-paying clients on a full-time basis. Sage Software may give my contact information to a local Business Partner who, at my discretion, may provide me and my clients with fee-based local support and assistance with Sage Software products. Sage Software has assured and notified me that: If I am or become a member of the Premier Advisor Program, updates and tax tables as appropriate to each software library that I have purchased, for the year beginning on my purchase date at no further charge and for consecutive years afterwards only by paying all program renewal fees; If I am more than 60 days late in paying my program renewal fees, I will be charged for each of my lapsed software libraries at the “new library” price, and I will not receive benefits associated with those software libraries during the lapsed period. I understand that installing multiple software libraries on one server and/or workstation may create conflicts between shared applications such as Peachtree by Sage and Sage FAS or various versions of Crystal Reports. Nothing in this agreement changes the terms and conditions of the license agreements for these software libraries. While a member, I have a limited revocable license to use the Premier Advisor logo as appropriate, and I will follow the usage guidelines for these logos.
